

## 1. Program Residency - Friday @ Noon

**Deadline for applications is end-of-day Tuesday, January 5th, 2016**

**KFAI is accepting proposals for month-long program residencies in the noon to 2pm time slot on Friday afternoon. A program residency is a temporary assignment to a vacant program slot. We use residencies to gain perspective on what types of programming might work in a particular day part, and to give existing and prospective program producers an opportunity to experiment.**

**We anticipate using residency hosts in the 12 to 2pm time slot through most of 2016.**

**Candidates are encouraged to propose a residency that provides an entertaining and/or enlightening experience for listeners, and one that speaks to KFAI's mission:**

***KFAI is a volunteer-based community radio station that exists to broadcast information, arts and entertainment programming for an audience of diverse racial, social and economic backgrounds. By providing a voice for people ignored or misrepresented by mainstream media, KFAI increases understanding between peoples and communities, while fostering the values of democracy and social justice.***

**Applicants may propose music, talk, or talk/music shows. No audio sample is required to apply, though having a demonstrated ability to produce a program will favor your proposal. KFAI reserves the right to ask for an audio sample after reviewing your application.**

**Hosts of current KFAI programs may apply for a Friday residency and would be expected to serve it in addition to their regularly scheduled time slot. Candidates may only serve a single one-month residency in this time slot, and if they wish they may ask to be considered for permanent appointment to the time when we are ready to fill it.**

**Proposals from producers who are not board certified at KFAI will need a board certified volunteer to sign on to the project before their proposal can be accepted and scheduled. Bonus points if you already know who would serve in this role.**
